

2022-23 Income Level Guidelines for Financial Help

Expanded benefits available to Minnesotans only through MNSure have been extended by Congress (<https://www.mnsure.org/learn-more/aca/arpa.jsp>) for three years, through 2025.

The table below shows what financial help you may qualify for depending on household size and income. (The previous year's income guidelines are available here (<https://www.mnsure.org/financial-help/income-guidelines/income-prev-yr.jsp>).)

- The income limits for Medical Assistance are for coverage from July 1, 2022, through June 30, 2023.
- The income limits for MinnesotaCare are for 2023 coverage.
- Premium tax credits for 2023 private health plans through MNSure can be estimated using our estimator tool (<https://www.mnsure.org/shop-compare/index.jsp>). Under the extended tax credits, any household with income above 200% of the federal poverty guidelines (<https://www.mnsure.org/resources/glossary.jsp#F>) may potentially qualify for a tax credit, but there is an income amount at which the tax credit will be \$0.
